

Mush

The ninth running of the Minden Sled Dog Derby comes to town this weekend, bringing about 80 of the worlds top racers to the village for the two-day competition. Racing begins Saturday and Sunday at 10 a.m. For more on the derby, see pages 13 to 24 inside

Survival of the fittest

Battered economy fosters efficiency

by Jay Kerr-Wilson

The recession continues to batter Haliburton County's economy and significant recovery is more than a year away.

The good news is, those businesses which survive will be in a good position to take advantage of

better times with lower debt loads, more efficient operations and a better trained work force.

Two local observers of the county's economy say 1992 was devastating to many businesses and workers and, while there is hope for some improvement in the coming year, the road to recovery will be

long and bumpy.

Jane Selbie, who runs the Canada Employment Centre in Haliburton Village, says at the end of November there were 1,323 people looking for work through her office. At the same time last year there

Thin Ice: Snowmobilers warned of unsafe conditions

At least four people have gone through the thin ice on Haliburton County lakes in snowmobiling accidents this season, causing police to issue a warning about unstable ice conditions.

Two accidents in a span of two days gave four people a feel of the frigid water. The first accident occurred at about 11 p.m. on December 25 at Wren Lake, south of Dorset. Two snowmobilers drove their sleds into open water during white-out conditions on the lake.

The second accident occurred at about 4:30 p.m. on December 26 at Head Lake in Haliburton. One snowmobile with two riders broke through thin ice.

In both incidents, everybody got out of the water and was able to get to a house quickly. No lasting injuries were suffered by any of the four.

"These are the incidents we hear about," says Constable Mike Maybee of the Minden OPP. "I am sure that other people have gone through or have had close calls, but we have not been advised."

"We haven't had a long enough period of below freezing temperatures to have what could be considered safe ice. This, coupled with high water levels in the Haliburton County region, is causing areas which are normally solid to be very unstable."

Maybee advises everyone to stay off the ice for a while longer. "It's better to be safe than sorry," he said.

The Christmas break gave kids a chance to get out and have some fun in the snow. Kyle Aggett, Chris Boxall, Jarrett Aggett and Brad Gauley took advantage of the break in their studies to get in a bit of street hockey and to try out some of the new equipment they found under the tree Christmas morning.

Shopkeepers endure slow Christmas sales

by Oliver Greer

With unemployment affecting more than a quarter of the county's population, many local business owners weren't expecting overwhelming sales this Christmas season.

For the most part, their assumptions were accurate.

Out of the six local business owners contacted none reported a rise in Christmas season sales. Only one, Allan Cox owner of the Minden Sears Order Office did as well as in previous years.

Stuart Brandon, owner of Northland Sales in Minden, said his sales were down from last year. The main reason for this, says Brandon, is probably the county's high rate of unemployment. Brandon also said that although the official figure says that unemployment is just over 30 per cent the actual number is probably closer to 50 per cent and with unemployment that high shop owners can't expect wondrous things.

Sandalwood Gift Shop didn't fare much better says Debi Mansfield the shop's owner. Although during the

last two weeks sales at the shop have been slightly up, overall sales for the Christmas season have dropped in relation to previous years.

Paul Hopkins, owner of Apparitions, says his store's sales were down about 50 per cent from last year. Hopkins says he tried opening Friday nights but the effort did not pay off. He said people are accustomed to the stores being closed in the evening and generally assume that nothing has changed. He said the Friday night gift shoppers all take their business out of town, mostly to Lindsay since there

has traditionally been no alternative during the winter months.

Hopkins also suggested that the Business Improvement Area (BIA) should concentrate less on trying to get out-of-town business and more on convincing local shoppers to stay home.

Dreams Come True Stained Glass recorded a rise in orders but a drop in gift purchases, says owner Wendy Ladurantaye. Ladurantaye says people should be informed that by shopping

(More on page 2)

Shoppers look abroad to fill Santa's list

(From page 1)

locally they are supporting their own community and in fact creating jobs. Shop keepers aren't making a bundle off their customers, says Ladurantaye, they're just trying to survive.

Ladurantaye says that if a consumer looks around, almost any gift can be found locally. Realistically, though, some items simply can't be stocked locally due to our smaller population base. This is where much of the problem of out of town shopping

stems from says Ladurantaye.

People go to the bigger centres to get a particular item and while they're at it they fill the rest of their shopping list.

Ladurantaye says there is no denying that there is less money in the county to be spent in the community due to the high unemployment rate and this is also a big factor in the businesses' slumping sales.

Ron Gambell, owner of Gambell's Antiques and Nostalgia, says that this year he recorded the lowest sales he's ever had since opening his business. Few people seem to be

coming across the bridge this year says Gambell, whose shop is on North Water Street. He said many people are also making the trip to Lindsay to do their shopping this year.

During this time of year Gambell's is usually packed with people but this year they just didn't come says Gambell. On Christmas Eve, only one customer came into the shop. Having tried advertising, Gambell says he doesn't know what else he can do except hope every day that the next day will be better.

Surviving the recession

Unemployment roll continues its climb

(From page 1)

were 1,235 job seekers. This means about one quarter of the employable work force is out of work.

Adding to the list of the unemployed are people who are under-employed -- such as those who work part time but would prefer full-time employment -- and entrepreneurs whose businesses have failed.

The centre is also used by people who are already employed but are looking to switch jobs. Given the economic times, Selbie says these people are encouraged to stay in their current positions. "It's a very depressed market and opportunities are extremely limited," she says.

Relief

In an effort to alleviate the situation, there are some job-creation and training programs available from the federal government which Selbie says are designed to "stimulate the economy and take advantage of a bad situation."

As well, the government has funded a Community Futures program to help local business and political leaders to work with people in the county, identifying areas of potential growth and developing them.

Instead of a quick fix, the program is meant to find long-term solutions for economic development. One such solution allows self-employed owners of new businesses to collect unemployment insurance for up to a year while they get established.

Unemployed workers can receive similar support while upgrading their skills or training for new positions.

"My own personal feeling is that things have been slow for quite a while and people will have opportunities once we get a turn-

"Even if we're over the hump, we're still going to see some fallout" We're still going to have to go through a period of recovery. "

around," says Selbie. "When we'll see the turn-around is a wild card." With the county currently in its economic winter hibernation, Selbie says she's hopeful we'll see some improvement in the spring. And she also hopes any businesses wanting to hire new employees will list with the Employment Centre. "We have a lot of people checking the board."

Another professional economy watcher is Andy Campbell, manager of the Haliburton County Development Corporation. The HCDC is a federally-funded agency which lends money and provides advice to businesses.

Although the HCDC gave out almost \$1 million in new loans during 1992, Campbell says most of that money was borrowed by business owners who were taking advantage of lower interest rates to refinance their debt loads. "There was some new business and some expansions, but a lot of it was restructuring."

The shrinking economy affected all sectors, and Campbell says there has been little room for growth.

A Buyer's Market

"It's a struggle, it's definitely a struggle," he says. "Retail sales are down, resort business is down, construction is down and profit margins are reduced. Everyone is chasing the same dollar and it's a buyers market in everything."

Among the hardest hit are businesses that went out on a limb to expand during the economic

boom in the late 1980s. "Expansion was based on revenue," says Campbell. "When revenues drop, the expansion is hardly justified and it's catching up to people. When sales dropped, debt load increased."

It's this debt load which is going to delay any recovery in the local economy.

"Even if we're over the hump, we're still going to see some fallout," he says. "We're still going to have to go through a period of recovery. There is so much debt, it's going to take years to pay down. People have to get out of the red before any growth can happen."

As gloomy as it sounds, Campbell does see a bright spot. "Because of reorganizing, many people have survived this recession and are going to emerge as well-managed businesses which have found their market. It's getting down to the survival of the fittest."

Pulling together

"People are working together more. They are realizing because of the situation they have to work together to make things happen. They are operating smarter and being more creative to pull themselves out."

Those businesses with the best chance of success are the ones where employees and employers can work together and can find new areas of investment, like taking on partners.

One effect of the recession has been to force business owners to realize they have to take responsibility for their own success.

"The government is not able to bail them out," says Campbell. "People are using their ingenuity to do things for themselves and become more diversified. It's been a real eye opener."

Psychic predicts unexpected twists in 1993

Now that 1993 has arrived most of us are looking to what lies in our futures and those of our loved ones. Although my psychic abilities have not garnered nearly as much attention as say, Jeanne Dixon's, (this possibly stems from my total lack of accuracy) I'd still like to make a few predictions for the new year.

In sports the NHL will take its anti-fighting policy one step farther when a new rule will be introduced which will state that "If you can't play nice you can't play at all". Consequently Bob Probert will receive a five-game suspension for sneaking up behind Montreal goaltender Patrick Roy and giving him a "Wet Willie".

Heavyweight Champion Riddick Bowe will refuse to fight number one contender Lennox Lewis and will instead follow the recent trend of facing

aging former champions by signing to fight former champ Sonny Liston.

Bowe will lose the title in a huge upset but the title will be declared vacant when it is discovered that Liston passed away in 1971.

In Politics Brian Mulroney will call a surprise election and attempt to stay in office for a third term by employing the campaign slogan "Hey, come on, everybody makes mistakes." However, he will be narrowly defeated by independent candidate "Stompin" Tom Connors. Prime Minister Connors' first official act will be to have the national anthem changed from "Oh Canada" to "Bud the Spud".

Chronic bad dresser and opinion-

Oliver's Twist

by Oliver Greer

ated sports personality Don Cherry will be named foreign minister and on his first visit to

Russia will be involved in a brawl with several members of the Russian cabinet. The brawl will erupt after Cherry makes derogatory comments about the masculinity of the country's national hockey team.

In entertainment, "Rolling Stones" guitarist Keith Richards will be severely injured during a concert when he trips over lead singer Mick Jagger's walker. The aging rockers will finally decide to call it quits when it is discovered that Richards not only broke his hip in the fall but also lost his false teeth.

The world will be shocked when it

is discovered that Elvis Presley, Jim Morrison and Jimmy Hoffa have been time sharing a condo in Miami since 1984. The trio will respond to questions from the press by saying "Shoot, we must have forgot to leave a forwarding address. We were wondering why we hadn't heard from anyone all this time."

Rock band Guns 'N' Roses will sign the most lucrative recording contract in history when they agree to produce five more albums for Geffen Records in return for "all the money in the world."

Well that's it. Those are my predictions for 1993. I'm not saying they'll all come true, or any of them will for that matter, but the way things seem to go these days I don't think I'd be surprised if they did.

Crime of the week

Bandits grab smokes

Two break ins at Jug City in Carnarvon have netted thieves in excess of \$19,400. The first occurred during the evening hours of Nov. 4 and the second happened in the evening hours of Nov. 25. The predominant items stolen in both incidents was cigarettes and tobacco. There were also some lottery tickets stolen during the second entry.

If you have any information about this or any other crime, call Lindsay Crimestoppers at 1-800-563-8477.

You will never be asked to reveal your identity or to testify in court. If your information leads to an arrest Lindsay Crimestoppers will pay up to \$1,000 in cash.

Slushy roads cause havoc

It was a relatively quiet Christmas season on the roads throughout the Highlands until the weather broke Tuesday, leaving a slushy mess.

A light snow followed by rain later in the day left a layer of slush on roads throughout the county, making for "horrendous" driving conditions. Sargeant Steve Adam said there were at least a dozen minor accidents Tuesday. All told, though, only two people sustained minor injuries. Adam said they were treated and released at hospitals.

Aside from Tuesday's traffic problems, Adam said it was a quiet Christmas for police. The only nota-

ble incidents were the snowmobiling accidents on December 25 and 26 in which two sleds went through the thin ice.

Resolutions for anglers and hunters

by Jerry Grozelle

With the start of a new year, most people make a list of resolutions they will try to live with in the coming 12 months. They range from shedding a few excess pounds to quitting bad habits. The list is limited only by the individual's imagination. The following is a list of things the anglers and hunters among us might consider.

You can be sure that the anti-hunting, anti-fishing, anti-trapping animal rights activists will be stepping up their campaigns to deprive us of the activities we enjoy. If you want to continue hunting and fishing through your golden years and for your children to have the opportunity to carry on the tradition, join a pro-hunting/fishing organization. Your support adds weight to the clout these organizations wield when pleading their (our) case to the policy makers. The more members an organization has, the more of a voice it has, which forces legislators to sit up and take notice.

The biggest organization that represents your interests in this province is the Ontario Federation of Anglers and Hunters (OFAH), with a membership approaching 80,000. Information and application forms can be obtained from the OFAH at Box 2800, Peterborough, Ontario, K9J 8L5, or telephone 705-748-6324. Hunters and anglers in Haliburton County and parts of Victoria County have a

group close to home that also promotes our interests.

The Haliburton Highlands Outdoors Association (HHOA) was formed a few months ago. At its inaugural meeting, the vast majority of the people who attended liked what they heard enough to plunk down their hard-earned cash to become members. After only a few hours of official existence, the HHOA was 150 members strong. It continues to grow and is striving to educate and inform not only its membership but the general public as well. A number of committees have been formed to address specific concerns. Information and application forms can be obtained by contacting Sid Cooper at RR#1, Haliburton, Ontario, K0M 1S0, or by calling 754-2654. The HHOA is affiliated with the OFAH so you can join both organizations at the same time if you wish. These are just a couple of the outdoors organizations that anyone who is interested in preserving their hunting and fishing heritage should consider supporting.

Another resolution that should be considered a must is contacting your local, regional, provincial and federal legislators to voice your concerns regarding legislation that affects all of us who go afield in pursuit of game and fish. A few minutes writing a letter to your representative in parliament (provincial and federal) as well

Outdoors

as other appropriate ministers is time well spent. For every letter or phone call a

politician receives, he or she assumes there are dozens more who feel the same way but haven't bothered to contact them. It is a case where the sum of all the single voices adds up to more than you might think. A hundred letters could mean several thousand votes to the politician. A letter to a politician could be the most effective and least expensive way of promoting legislation that is based on something besides a desire to appease a vocal minority bent on disarming the entire country because of the actions of a few lawless individuals. Let the politicians know you favour stiffer penalties for the criminal element rather than more restrictions forced on the honest majority.

Another resolution that could save you some grief is to make sure your firearms are stored in a safe manner. As of the first of the year, you must store your firearms under lock and key. It will no longer be permissible to keep guns leaned in the corner of the closet in your bedroom (unless the closet door can be securely locked).

The best bet is a vault of some kind, in which guns and other valuables can be kept. Home gun safes are available in a wide price range. They can be bought from less than \$200 to well over \$1,000 but they could be

well worth the investment by preventing the loss of an heirloom or a couple of thousand dollars worth of rifles and shotguns. At today's prices, \$2,000 won't buy very many quality firearms.

Personal safety is another area that is sometimes overlooked when we make our New Year's resolutions. The wise angler should resolve to be extra careful, especially when venturing onto the ice. The biggest trout in North America isn't worth the risk of travelling on thin ice for. Snowmobilers take note. Every year numerous sleds go through the ice and lives are lost needlessly. Make up your mind now not to be a statistic in the future.

Be prepared. That advice is not reserved only for Boy Scouts. It's a motto we'd all be wise to heed. Whether we're going on a week-long deer hunt or an afternoon of fishing, we should be prepared. A first aid kit should be a part of every outdoors enthusiast's equipment. If you don't have one, now is a good time to make the resolution to get one.

The above list is intended as a primer only. There are hundreds of other worthwhile resolutions the hunters and anglers among us could make. If this column has provoked a few people to give some serious thought to the future and what we can do to preserve and enhance our forays afield it will have served its purpose.

Happy New Year.

Gone to mush

Why are Highlanders smiling?

We've just finished a bad year and 1993 holds little reason for optimism. Our unemployment rate is more than double the national average, construction trades are suffering, retail business is barely surviving and tourism, our bread-and-butter industry, is sluggish.

So why are we smiling? Simple: our brains have gone to mush.

Of course, we're referring to the event that has injected enthusiasm into the county for the past eight years -- that glorious distraction which makes us forget all else for one brief weekend -- the dog sled derby. It's the premier event in a county known for great events. The crowds, the dogs, the community involvement and the agonizing uncertainty about the weather make for one of the most exciting weekends of the year to be in the Highlands.

The derby has come to be more than just another event. It's a source of optimism at a time when it's most urgently needed. In economic terms, this year's derby is an opportunity for businesses to recover from slow Christmas sales. And in a community sense, it's an expression of the potential strength of this area.

The overwhelming success the derby has enjoyed over the past eight years stems, in part, from the diligent work of the organizers. Equally important, though, is the enthusiastic participation from residents and local government.

The derby has tapped in on the most valuable resource this county has to offer -- community spirit. And while it lasts for only two days, it's a brief demonstration of what this county is capable of for the year ahead.

Fire agreement aids municipal neighbours

As of February 1, 1993, Minden Council will hold regular meetings on the second Thursday of each month at 7:30 p.m. and the fourth Thursday at 10 a.m.

For January regular meetings are scheduled for the 14th at 10 a.m. and the 28th at 7:30 p.m.. Call the office by any Friday at 9:30 a.m. of the preceding week if you wish to be placed on the agenda.

Fire Protection

In recognizing that all municipalities cannot establish private fire departments due to prohibitive costs, larger municipalities enter into agreements to provide fire protection for their neighbouring areas. Your municipality has recently expanded their fire protection service to include a portion of Lutterworth Township.

The fees paid to the Minden Fire Department by Lutterworth will ensure that all new costs attributed to the expansion are borne by Lutterworth Township and

any unused portion will be applied towards the purchase of new equipment that will improve service to all communities covered by the Minden Fire Department. The agreement ensures that Minden base will have a standby crew at all times so that current coverage standards are not reduced.

Gallery Administrator

Visiting hundreds of art galleries in Europe has instilled a passion for great art and a special devotion for the Flemish painter Vermeer in Anson, Hindon and Minden's new Administrator of the Agnes Jamieson Gallery.

"I have been most fortunate to have had those experiences - to personally tour the Uffizi Gallery in Florence, the Vatican

Council Report

from Anson, Hindon and Minden Council

in Rome, the Louvre in Paris and to stand before Van Gogh's collection in the Rijksmuseum in Amsterdam," says Ruth Amos.

Amos brings to her new job a lifetime of art involvement, starting with painting lessons at age 9, expanding to watercolours and other media and studying Art History at York University.

After a brief period in the personnel department at the Art Gallery of Ontario, Amos worked for several years as Executive Officer with the Haliburton District Real Estate Board. She has three daughters, one son and two grandchildren.

Drop into the gallery and be sure to ask about her personal library of art books, in particular art history and the Group of

Seven. Welcome Ruth.

Compost

A letter was received from the Ministry of the Environment indicating approval of our application for a home composting project grant. The grant will provide \$47,917 and represents two thirds of the cost of the composting units and half of the eligible promotion and advertising costs estimated.

Home composting is recognized as one of the most cost effective and environmentally beneficial waste diversion methods available. A household which is actively composting its organic materials will be diverting as much as one third of its waste. Anson, Hindon and Minden will now join 320 other municipalities in Ontario that have initiated home composting. The AHM Environment Advisory Com-

Opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy.

Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Residents thankful for snow removal

Note: The following letter is addressed to Minden Council

Dear Members of Council,

Thank you for your immediate response regarding the cleaning of the sidewalks after a snowfall.

Everyone who walks downtown in the winter is most grateful. Your concern and care for the people of Minden is very evident.

Thank you again for making it beautiful and pleasant to live in Minden.

Carol E. Jones
and Helen Skelding

Whitewash

Program promotes innovation

Editor,

The editorial of December 21, 1992 stressed the importance of working together and trying innovative approaches to solving some of the challenges facing Haliburton County.

In regards to business development, I work with many companies suffering from the depressed economy and financial losses. Subsequently they are surviving on increased borrowings, which is becoming increasingly difficult to service. Equity has been eroded and must be replaced. Haliburton County residents interested in getting into a business (and creating a job for themselves) can contribute this equity from a combination of investment and skills.

For example, the Ontario Government's Small Business Development Corporation (SBDC) program provides a 30 per cent contribution to a company's equity. A number of small investors could work together, each offering different skills and a small investment to inject into a business while accessing the SBDC program. This is not debt but a fresh injection of capital/equity, ideas and skills which hopefully would relieve the financial strain on the business.

This certainly involves an element of risk. It will also take some innovative and creative restructuring but, through a business-like approach, new opportunities exist for business development in the 1990's.

Andy Campbell

Development Corporation

Council strives to maintain hospital

(From page 6)

mittee is now preparing distribution plans and an information package will be included with the spring tax bill.

Your entire council recently travelled to Peterborough and met with the board of St. Joseph's Hospital to indicate the commitment of council and the entire community to maintaining Minden Hospital at its

current level of service and present location. We also presented a preliminary draft of expansion needs as prepared by municipal employees involved with health care. We have also written the Minister of Health, the Honourable Frances Lankin, asking her to meet with us to discuss the essential role Minden Hospital assumes in our community.

Council will continue to monitor the

status of the issue and appreciates the tremendous support our residents have indicated through letters, telephone calls and personal contact on the issue and all other matters throughout the year.

We wish you all a happy and healthy new year. Reeve Berry, Deputy Reeve Stevens and Councillors Anthon, Plooard and Rome.

Was Kennedy really a jelly doughnut?

'Is it me — or is life really full of dirty tricks?

Back in 1963, I felt privileged to have witnessed (if only via my 17-inch Admiral TV) one of the great oratorical moments in history. It happened in Berlin. A young, tousle-haired American President by the name of John Fitzgerald Kennedy faced an enthusiastic crowd of West Germans and declared "Ich bin ein Berliner!"

Well, that wasn't too hard to follow. JFK was telling his German allies that as long as the Berlin Wall stood, he would be, in spirit, a citizen of Berlin, right?

Wrong.

Turns out that in Germany a 'Berliner' is kind of like a bagel or a turnover, only with jam inside.

So what Kennedy was declaring on that cold gray day in Berlin thirty years ago was:

"I am a jelly doughnut."

Well, Lord knows it's not the only international misunderstanding in history — even for U.S. Presidents. Back in 1977, Jimmy Carter caused a few red faces during a visit to Poland thanks to a Not Terribly Good translator who announced that the U.S. President had 'abandoned' the U.S. (He meant that Carter had 'left' the U.S. that day).

The hapless translator also had poor Jimmy talking about Polish 'lusts' (Carter had merely been speculating on the people's 'desires for the future').

But translation is a tricky game. I have in my library

Black 'n White

by Arthur Black

a classic piece of inter-lingual butchery written by one Pedro Carolino back in 1883. It's called *The New Guide of Conversation in Portuguese and English*.

Right from the title you know this is no ordinary foreign phrase book. Consider Senhor Carolino's dedication:

"We expect then, who the little book (for the care what we wrote him, and for her typographical correction) that may be worth the acceptance of the studious persons, and especially of the youth, at which we dedicate him particularly."

My favourite section is the one with instructions on how to get your money back for a lousy horse:

"Here is a horse who have bad looks. Give me another. I will not that. He not sall know to march, he is pursy, he is foundered. Don't you are ashamed to give me a jade as like? He is undshoed. He is with nails up."

Scientific experts can screw up too. As the folks in charge of a museum in northern England sis a few years back, when they proudly exhibited a Roman *sestertius* coin, minted, they said, more than 1800 years ago.

Quite popular it was too, until a little nine-year old girl came along and piped: "That's not a Roman coin. It's a plastic thing you get from Robinson's Soft Drinks."

The little girl was absolutely right. As a public relations campaign, a local soft drinks firm had been handing out plastic tokens in exchange for bottle labels.

A red-faced museum curator explained that the museum experts had been taken in by the big letter "R" on the coin. "The trouble was that we construed the letter to stand for 'Roma'. In fact it stood for 'Robinson's', the soft drink manufacturers."

Not that newspapers are immune to the disease. First prize for the all time worst newspaper reporting must surely go to the *Wiltshire Times and Chippenham News* for a feature article it ran about a local man named Harris.

The following week the paper carried this apology.

"Mr. Harris has asked us to point out a number of inaccuracies in our story. After returning from India, he served in Ireland for four years and not six months as stated; he never farmed at Heddington, particularly not at Coate Road Farm as stated; he has never counted cycling or walking among his hobbies; he is not a member of 54 hunts; and he did not have an eye removed at Chippenham Hospital after an air raid on Calne."

Oh well. At least they spelled his name right.

Sports

The Woodville netminder's stick blocks a shot by Minden Pee Wee Jamie Henderson (25) during the final game in the tournament played December 28. The shot was one of few chances the Monarchs had in the final period as Woodville went on to take the A title by a 4-1 margin.

Tight race

Four teams vie for second place in Minden Men's hockey league

Three teams have moved to within one point of second place in the Minden Men's Hockey standings while Hartwick and Sid Stamp have solid control over the top and bottom of the league.

There was only one upset in the offing last Monday, but it was enough for the ranks to close in on second-place KDD. Home Hardware, The Times and Westside are now all deadlocked in third place, just one point behind KDD.

League-leading Hartwick Construction avenged their loss from the previous week with a sound 4-0 win over Westside Jug City.

It was The Times, though, that pulled off the lone upset with a 9-4 win over second-place KDD.

Home Hardware had the easy draw Monday being paired with Sid Stamp and managed to come away with a 6-4 win. Jeff Howe banged in two quick goals for Home and Tim Hunter followed up with a third to give Home the early lead.

Scott Hamilton closed the gap before the end of the first frame with two goals for Stamp.

Larry Sawyer tied the game early in the second period, Stamp Fuels never found the go-ahead goal. Howe scored twice more for Home while Hunter

added another to the tally.

Hamilton added one more goal to Stamp's side of the scoreboard, earning himself a hat-trick.

Shut-out

Hartwick Construction had no trouble blanking Westside in the second game of the night. Paul Walker, Dave Pettes, Irwin Asbell and Greg Newell each scored for Hartwick, while Westside's top guns were shooting blanks.

Upset

In the final game of the night there was a bull in the KDD china shop. Eldon Bull. He smashed his way through the defence four times to lead The Times to its 9-4 win.

Doug Allison also did a fair share of the damage in this game, scoring three times while Dave McKay scored twice.

Ivan Ingram and Joel Cox each scored twice in KDD's losing effort.

Men's league action resumes tonight at the Minden arena with Home taking on KDD at 8 p.m. Stamp plays Hartwick at 9 p.m. and The Times meet Westside at 10 p.m.

Sports

Local teams make finals in Pee Wee tournament

Two Minden teams were featured in the play-off games December 28 at a tournament at the local arena.

Both the Minden Pee Wees, tournament hosts, and the Minden Atoms battled to the final round in the play-offs.

The Pee Wees were undefeated until their final game when they were taken by Woodville by a 4-1 score. The lone Minden marker came from Chris Kerr in the second period. It tied the score and was the only goal notched in the second frame. However, Woodville came alive in the final period, potting three in a one minute spread to secure the win and the

tournament championship hardware.

In the opening game the Pee Wees blanked Haliburton 4-0. Scorers included Kerr with a pair, Philip Daniels and Jason Kasepчук with singles. The team also defeated Bracebridge 3-2 in their second game. Scorers included Kerr, Daniels and Jason Horsley.

The Minden Atoms, who helped fill the tournament roster, captured the B championship when they defeated Lakefield in the final contest. They lost their opening game to Bracebridge and defeated Haliburton in their second contest.

Blades

From the Minden Figure Skating Club

Club readies for competition

Canskate parents are reminded that there are Canskate competitions in this area which serve to provide an outlet for children to compete and have fun. Woodville is holding the Woodville International on January 16,17 while Manvers Mini-Blades will be held in Bethany on March 6.

Three weeks from now, the Minden Skating Club will once again be hosting the Minden Meet-To-Skate for the fifth year in a row.

Meet-to-skate

This year the competition will be held on January 9 and 10. This competition has earned a good reputation for being well organized in the skating community which is due to the large number of willing volunteers who contribute their time and effort on behalf of the skaters. Keep those dates open on your calendar and bring the family to watch Minden's own skaters as well as those from other areas.

The club has just completed its Sunsweet Fundraising Project. With

the support of all of our club members the Minden club was able to raise about \$1,500 which will help defray the high cost of operating the club. The executive would like to send thanks to all those individuals who willingly worked hard for the event.

Carnival continues

It continues to live. The club's Carnival for 1993 will be chaired by Brenda Barnett this year. Barnett will be ably assisted by Bonnie Wilkins who has agreed to help out. Both ladies will be looking for volunteers to help out with the logistical support and costume making for the carnival.

Parents will also be needed to help with the many hours of rehearsals that will be required to stage this production.

The last skating day for the Test Program will be December 23. Skating will resume on January 4.

The Canskate program will be cancelled during the Christmas break.

New Minden CIBC Branch opens this week

After months of waiting and watching, the new Minden Branch of the Canadian Imperial Bank of Commerce will be officially opened this Friday.

The occasion will mark an end to a lengthy period of waiting and anticipation as the central downtown landmark was transformed to the modern structure now occupying the Main Street intersection.

The community watched with anticipation as the construction process evolved, including the removal of the two blue spruce trees from the front lawn of the former branch, (one appears to have undergone the transplant well and now is festooned with Christmas lights on the front lawn of the Hyland Crest Seniors Citizen's Home, while the other has not fared as well at the arena), through to the digging of the foundation and driving of foundation piles.

The project continued through the

Canada Day Holiday weekend and added an interesting additional attraction to the many activities taking place in the down-

town area. A large number of "sidewalk supervisors" kept an eye on the action as seen in the photo above.

Top branch award

Earlier this year, the staff at the Minden Branch of the Canadian Imperial Bank of Commerce was presented with the Vice President's District Award. The plaque was presented to the staff of the branch, one of 18 in the district, in recognition of the staff efforts in attaining business targets and achieving customer service rating objectives. The award recognizes achievement in all aspects of the bank's operations. The staff and branch manager, Clyde Russell, posed with the plaque following the presentation as seen in the photo at the left. With the manager includes, from the left, front row. Eileen Simmons, May Stevens, Marge Peacock, Marsha Bain and Elsie Stamp. Back row, Pat Cooper, Doreen Lemon, Shirley McKnight, Sherry Gilbert, Darlene McConnell and Val Gilbert.

New Minden CIBC Branch opens this week

The new branch features an open concept interior. Low counter and soft colours make clients feel welcome and "at home".

Windows along the one side of the building bring lots of light into the interior where space has been carefully divided between public areas and private offices.

One of the newest features of the branch is the addition of an automated teller machine. Located in the front lobby, the machine can be accessed 24 hours a day. For those with simple withdrawal or deposit requirements, the ATM provides quick and easy access to one's bank

accounts.

The lobby in which the machine is located can be accessed 24 hours a day, using the

same card which provides access to the account to open the outer door. The ATM is a familiar feature in larger cen-

tres and has been a much requested feature by summer visitors to the area.

While the staff have been operating

out of the new facility since early December, the official opening had been postponed until this coming Friday. The

ribbon cutting will take place at 3 p.m. with bank officials and local dignitaries on hand to over-see the occasion.

Congratulations

**Souvenir Program
for 1993 Minden
Techni-cal Challenge
Sled Dog Derby**

Year Nine: A warm Highland's welcome

by Val Lougheed,
Race Governor

Welcome to Minden, home of the world's largest limited class sled dog race!

I'd like to give you a little 'behind the scenes' look at what goes on throughout the year to put a major community event such as this together.

A small committee of six people meets almost weekly throughout the year to plan the details of the race. The committee works in co-operation with its partners, Martin's Pet Foods of Elmira, who not only sponsor the event, but also take an active part in the planning and staging of the race.

In December, the committee calls upon volunteers in the community to begin organizing themselves for the annual event. Amazingly, in a village of 1200 people, over 10%, (that's over 120 people), willingly donate their time and talents for the race.

The jobs undertaken by the volunteers range from organizing the registration activities to providing trail help and crowd control.

All of the volunteers work for the two days of the race, and many of them are busy with preparation details for several weeks before the derby takes place.

Some of our musically talented volunteers have even produced a song, "Catch The Drift", which relates, in ballad form, the exciting events of the race weekend. Many local radio stations use the song during the weeks leading up

to the race.

Most of the volunteers have been working at the derby since its inception nine years ago. They have become a well-seasoned team of professionals who produce a world class event that attracts the very best dog teams from around the world.

Our children even get involved in the event. During the month of December they take time to pre-

pare their own special posters at school, depicting the many aspects of the derby that gives it its colourful, multi-faceted appeal. You will find these posters displayed in business windows throughout the community.

Of course, the very best part of the sled dog race is that we are able to play host to close to 10,000 people during the race weekend. It is our weekend to show the rest of the province what Haliburton Highlands Hospitality is all about. I invite you to take in our breath-taking scenery, go for a ski on one of our many well-groomed trails, hit the slopes, or take your snowmobile out and enjoy the hundreds of kilometres of groomed trails. And, of course, don't miss the sled dog races and the chance to be a part of one of the most thrilling events of the year.

P.S. Hold onto your hats, folks! Next year is our tenth anniversary. We are already planning an exciting milestone celebration of the January 8 & 9 1994 race.

Minden Sled Dog Derby Race Governor Val Lougheed is a racer in her own right. As seen above, Val urges her four dog team to top speed after leaving the start line during the 1992 race. Val's husband Steve and their two children, Jesse and Caleb, are also avid racers. (photo by Elizabeth Jones)

Musher Medalists will be meeting in Minden

Gold, Silver, and Bronze Medallists will be arriving in Minden this weekend to compete for big bucks and maximum championship points towards more medals.

No, it is not the Olympics. It's the Minden Techni-cal Challenge, the world's largest limited-class speed race for sled-dogs.

The medallists will be among 100 mushers bringing nearly a thousand dogs to take part in the ninth running of the Minden Techni-cal Challenge on January 9 and 10, 1993. So spectators are assured of seeing the most exciting action sled-dog racing has to offer.

The Minden Techni-cal Challenge offers the largest mushing purse in Canada, provided by race sponsor Martin Pet Foods of Elmira, Ontario. For a piece of the \$25,100 purse, for a chance to win maximum championship points, and for the challenge of competing on one of the toughest trails on the North American circuit, the world's best sled dogs and sled-dog drivers always make this event part of their annual racing agenda.

Race Governor Val Loughheed reports that seven of the 1992 ISDRA medallists have already registered their teams (two weeks prior to the closing of entries). They

include:

Terri Killam, of Northboro, Mass. Gold Medal in 8-dog

Rick Meyer, of California, Silver Medal in 8-dog

John Samburgh, of Paul Smith's, New York, Silver Medal in 6-dog

Penny Smith, of Doylestown, Ohio, Bronze Medal in 6-dog

Stuart Osthoff, of Ely, Minnesota, Gold Medal in 4-dog

Jason Gore, of Englehart, Ontario, Silver Medal in 4-dog

Lou Serre, Hamner, Ontario, Bronze Medal in 4-dog

The Main Street start and finish ensures that everyone has a ring-side view of the exciting action.

Racing starts each day at 10 a.m. The delightful kid-and-mutt race will be held on Saturday afternoon, after the official heats are concluded. As always, everyone is invited to visit the "pit" area throughout the weekend to talk with the mushers and look over the dogs and puppies.

There will be also be demonstrations of kick-sledding on Main Street between the eight- and four-dog heats, and spectators will have a chance to try this growing sport themselves.

Lou Serre of Hamner, Ontario, near Sudbury, is a regular competitor at the Minden Sled Dog Derby. Last year Lou, seen here with his eight dog team, was awarded a Bronze Medal for his four dog wins last season. (Photo by Elizabeth Jones.)

Welcome Mushers!

We'll weather the weather whatever the weather

It's very simple: you have to have snow to have a sled-dog race. But nature is fickle and trying to guarantee the right temperature and the right amount of the right kind of precipitation is a tricky business at best. You can hope. You can pray. You can even buy weather insurance to try and hedge your bets.

The organizers of the Minden Techni-cal Challenge have taken a different tack. They've turned for help to Television Weather Persons throughout Ontario. The following people, who bring you your nightly dose of precipitation amounts and wind chill factors and jet stream flows have been invited, for the second year, to participate in the Minden Techni-cal Weather Challenge and predict what the weather will be at the start of the first day of the 1993 race:

Mary-Beth Burton, CFCL-TV & CITO-TV, Timmins

Dave Duvall, CFTO-TV, Toronto

Peter Fialkowski, CHEX-TV, Peterborough

Susan Hay, Global TV, Toronto

Matt Hayes, CHCH-TV, Hamilton

Harold Hosein, CITY-TV, Toronto

Tamara Ischenko, CKNC-TV, Sudbury

Bill Lawrence, CBLT, Toronto

Dave MacDonald, CKCO-TV, Kitchener

Marilyn Maki, CHNB-TV & CKNY-TV, North Bay

Dan Matheson, Canada AM, CTV, Toronto

Bob McIntyre, CKVR-TV, Barrie

(Last year's prizes were scooped by Susan Hay of Global TV.)

The Minden Techni-cal Challenge — the world's largest limited-class speed race for sled dogs — is held each year on the second weekend in January. Sponsored by Martin Pet Foods of Elmira, Ontario, who provide the purse of \$25,100, the race regularly draws the world's top medal-winning mushers from across Canada and the United States. It also attracts thousands of spectators who line Main Street for a ring-side view of the action.

It's no wonder, with all those people coming, that race organizers would like to know what the weather's going to be! So they've asked those participating in the Minden Techni-cal Weather Challenge to tell them what the temperature will be, how much snow will be on the ground, whether it's sunny or cloudy, and what sort of precipitation, if any, will be falling at 10:00 a.m. on January 9.

In addition to widespread recognition as the "One and Only and Most Revered Weather Prognosticator" for 1993 and designation as "Official Minden Techni-cal Challenge Forecaster" for the 1994 Race, the winning forecaster will receive an enviable package of memorabilia from the 1993 race.

Whatever the weather, the Minden Techni-cal Challenge is a great family weekend. Racing takes place throughout Saturday and Sunday, starting at 10:00 a.m. each day. The kid-and-mutt race is held on Saturday after-

noon, after the official heats in the eight- and four-dog classes. The prizes are presented on Sunday afternoon.

In addition, visitors can enjoy demonstrations of kick-sledding, chat with "Drifter" the race mascot, and visit the dog lot to look over the animals and talk with the mushers. "Catch The Drift", a song written and recorded by local musicians, will be the theme song for the entire weekend.

Memories for sale

Hear the music? See those hats? Admiring the colourful derby sweat or T-shirts? The poster caught your eye?

The Minden Sled Dog Derby Inc. The non-profit corporation which mounts the sled dog derby each year has a number of souvenirs available for those who wish to take a bit of the excitement home.

The selection includes tapes of the derby theme song,

Catch The Drift, hats and shirts emblazoned with the derby insignia, and copies of the derby poster featuring the photo of musher Wayne Abrams and his team in full flight.

Derby souvenirs are on sale from the Floyd Hall Insurance office on Main Street near the start line. Drop in a pick up a memory.

Proceeds go to support sled dog racing.

Welfare of the dogs is top priority

Every year, the Minden Techni-cal Challenge draws thousands of spectators to watch the world's best sled-dog teams and drivers compete for big bucks and medal points. This annual event—which will have its ninth running January 9 and 10, 1993—is one of the most exciting on the winter sports calendar.

But, in the midst of all the excitement, some spectators may pause and ask themselves whether sled-dog racing is managed to ensure the welfare of the dogs.

Over the past 25 years, the International Sled Dog Racing Association (ISDRA) has developed rules under which sled-dog races are conducted. These rules are designed to protect the dogs from accidents on the trail and only races that abide by

The bond between racers and their dogs is a strong one, it has to be. Competing in a sled dog derby requires close teamwork and trust between man and animal. Neal Johnson of Ely, Minnesota cements that bond with his lead dogs just before the start of the race. (Photo by Elizabeth Jones.)

those rules are sanctioned by ISDRA.

In addition, each event is evaluated every year to assess the degree to which it meets ISDRA's standards. From the beginning, the Minden Techni-cal Challenge has received sanctioning and been judged "Excellent".

Spectators may also be confused about "animal rights" versus "animal welfare". Those who believe in "animal rights" feel that all human activities that use animals in any way — whether for food or clothing or sports or zoos or circuses — exploit and abuse the animals. Some even believe having pets is wrong.

Most people, however, are more concerned about animal welfare: they want to know that the animals are well cared for, prop-

International Sled Dog Racing Association

Organization carefully monitors animal welfare

(from previous page)

erly fed and housed, and treated humanely. ISDRA has taken a stand on animal welfare that recognizes sled dogs as "athletes of singular ability, born with an instinctive love of running" and believes that "sled dogs deserve the highest quality of care and treatment".

To ensure this, ISDRA's regulations require race organizers to prohibit anyone convicted of animal abuse from participating in sanctioned events. The association also has a consultation service for mushers concerned about what is best for their dogs and is developing guidelines for proper kennel set-up and management.

Furthermore, the special loyalty that dogs offer to human beings has one of its highest expressions in the team work between a musher and his or her animals. The most successful drivers are renowned for their strong relationship with their dogs — a relationship that flows directly out of the care and concern they give their dogs every day.

All this means that spectators at any of the dozens of sanctioned

sled-dog events across North America can rest assured that the welfare of the animals is uppermost in everyone's mind.

All who come to the Minden Techni-cal Challenge will have a chance to see all this for themselves. The event is the world's largest limited-class sled-dog race. It has earned this acclaim through the size of its purse — \$25,100 provided by race spon-

sor Martin Pet Foods of Elmira, Ontario — and the number of mushers, including many medal winners, who participate.

The start/finish line is right in the centre of Main Street, providing everyone with a ringside view of the action. Racing takes place throughout Saturday and Sunday, starting at 10:00 a.m. The delightful kid-and-mutt race is held on Saturday afternoon, after the offi-

cial heats in the eight-and four-dog classes. The prizes are presented on Sunday afternoon.

In addition, visitors can enjoy demonstrations of kick-sledding, chat with "Drifter" the race mascot, and visit the dog lot to look over the animals and talk with the mushers. "Catch The Drift", a song written and recorded by local musicians, will be the theme song for the entire weekend.

Many help make race happen

An event the size of the Minden Sled Dog Derby doesn't just happen. In addition to the many volunteers who step forward each year, the organizing committee relies heavily on the financial support of a number of businesses and individuals.

Chief among these is **Martin Pet Foods** of Elmira, who have provided purse and organizational funds for the past eight years. Without this support the derby would not have achieved the status and reputation it currently enjoys. Others providing major contributions include:

-Sid Stamp Fuels and Shell Canada: for the start line sound van and volunteer appreciation party.

-Sainsbury International: a bottle of Henckell Trocken wine is presented to the top three racers in each class.

-Highlands Jewellery: donor of all the trophies presented to the race winners.

-Apparitions Fine Art: donor of Van Zyle print Sportmanship award.

-Highland Plumbing: donor of prize for the musher who has travelled the farthest from home.

-Haliburton County Snowmobile Association: for the use of their trails and grooming equipment.

-the Municipality of Anson Hindon and Minden and the Minden Business Improvement Association: for financial support and over-all support.

-The Minden Detachment of the Ontario Provincial Police for the continued support and co-operation.

-Minden Ham Radio Club: for race communications.

-Bart Hillhorst and band for the theme song *Catch The Drift*.

Highway 35 & South Water Street ... Minden

Training begins early for dogs and drivers

The first dusting of snow skids across central Ontario by mid-November, but mushers throughout North America have already been out training their dog teams for over two months, getting ready for the continent-wide competitive season. One of the first major races of the season is the Minden Technical Challenge.

Sled dogs are frankly out of condition after a lazy summer when outdoor temperatures are too high to run these polar animals. But if mushers wait until there is a good base of snow, they won't be able to get the dogs into shape by the time the season begins. So how do they do it?

Before the snow flies, most mushers use a home-made, three-wheeled training rig. The driver rides on a platform at the back and the dogs are hitched up with their usual harnesses. As with any athlete in training, mushers start their dogs off slowly with relaxed runs of short distances, giving the animals a chance to build up their strength and endurance gradually.

Training follows a

progressive schedule, starting with teams of eight to 12 dogs running about three miles over 15 to 20 minutes. By the time the season starts, each dog will have run 300 to 500 miles — the driver much more!

When the snow is finally deep enough to carry a sled, driver and team should be moving at an average of 18 to 20 miles an hour to be competitive.

Not only do the dogs need to regain their physical conditioning, they also need to be retrained in the business of being a team. Dog drivers use this period to find out which dogs are losing their edge through age or for other reasons and which yearlings are ready for the challenge of the race course. It's also a chance to give the puppies a taste of what running and pulling are all about.

Each place on the team, from lead dogs at the front to wheel dogs at the back, involves a particular kind of job and some dogs are better suited to one than another.

Early training gives the musher a

chance to try dogs out in various positions to find which one they're best at. The dog that wasn't very good at lead last year may now be ready for that responsibility. Or not. This is the time of year to find out.

By the time the season starts, the musher has assessed the strengths of each dog in the kennel and has chosen the ones that will make up the team.

Only those that have proven they work best will actually race. But back-up dogs will also be needed during the season and they too must be in top physical and mental shape.

Taking them along to races also gets them used to the excitement of the event so they can handle it when their day comes.

The Minden Technical Challenge is one of the most exciting events on the racing calendar for a variety of reasons. It attracts the world's top competitors, it offers the racing circuit's toughest course, and, thanks to the Main Street start and finish line, it provides spectators with a close-up view of the action.

Spectators are also welcome to visit the "dog pit" (as the area is called where the dog trucks are parked). There you can check out the dogs and talk with the mushers to find out how it's done.

Visitors to Minden will also have a chance to try out the Scandinavian sport of kick-sledding and to enjoy "Catch The Drift", a country-rock song about the race written and recorded by local musicians which will once again be the weekend's theme song.

All in all, the Minden Technical Challenge is a great weekend for everyone—dogs, mushers, and spectators.

Same Time.

VON centralizes appointment service

A new toll-free telephone number for the VON Foot Care Clinics has been established to improve service to clients in Peterborough, Victoria and Haliburton Counties.

The new centralized appointment service went into effect January 1, allowing clients to deal directly with foot care clinic secretary to arrange appointments or change times.

The toll-free number — 1-800-267-2905 —

can be used by people calling long distance to Peterborough. The new local Peterborough number is 745-4934. Calls should be made between 8:30 a.m. and 5 p.m. Monday to Friday.

"Having one person handle all appointments at our clinics will improve communication between our clients, the clinics and the office," said Margaret Hawkins, Manager of VON's Foot Care Program.

Twenty-five Foot

Care Clinics are offered in the three counties served by the local VON branch, as well as in-home service in the Peterborough area.

Advanced foot care, which includes nail trimming, corn and callous care, counselling and health teaching, is provided by VON nurses specially trained in foot care.

Foot Care clinics in Haliburton County operate in Cardiff, Dorset, Haliburton, Minden and

Wilberforce.

The clinics charge a modest fee to clients, with the remainder of the cost covered by donations from service clubs and private individuals. VON is a registered charity and donations are tax deductible.

HCBDC receives funding

The Haliburton County Business Development Centre will receive \$125,000 through a federal "Investing in Growth" program.

The development centre has created or maintained more than 533 full time jobs in the county. It is an example of the effort to maximize the potential impact of present government allocations by focusing on the priorities that will ensure sound economic growth and job creation. It also makes a vital contribution to meeting the growing challenge for Canadians to become more competitive in an increasingly demanding global economy.

The business development centre is part of the Haliburton County Development Corporation. Its primary

purpose is to stimulate the creation of local jobs by providing loans and counselling services to entrepreneurs looking to start up or expand existing businesses.

Victoria Haliburton MP Bill Scott said the \$125,000 is an investment in growth and is designed to ensure secure jobs in a growing economy in Haliburton County.

A news release from the federal government says the "Investing in Growth" grants will not undermine the government's commitment to reduce the national debt. Instead, they are part of the government's "spend wise, spend less" plan. The program is part of the government's economic recovery enhancement initiative.

ARE YOU LOOKING FOR LOVING CHILD CARE IN A PRIVATE HOME SETTING?

C.H.A.C.E. Inc. offers licensed, subsidized child care with our Private Home Day Care network. Please call Sue Valm at 457-2989 to discuss which of our homes is most suitable to your needs.

A special welcome to our newest provider, Melanie Tripp, from the Tory Hill area!

The sled dog races are coming to Minden again this weekend. Spectators are asked to please keep their pets away from the trail.

Residents enjoy children's party

December 13, 1992 Anita Smith (Faye Smith's mother-in-law) started reading for us "Mixed Blessings" by Danielle Steele. We enjoy her reading and thank her very much.

After the reading, we were invited to the auditorium to really enjoy the staff and their children's Christmas party. Ruth Ann Ferguson and Vicki Coppins made the arrangements and conducted the party. The children were seated at two long tables and the residents on the opposite side. The children were given materials to work with. Colourings, cookie decorating and decorating a stocking kept the children busy. The children thoroughly enjoyed doing this. The kitchen staff made a couple of goodie trays and Kawartha Dairy supplied ice cream. Hyland Crest staff served the treats. To the surprise of everyone, as we began our lunch, Santa appeared to distribute gifts to all the staff children. There were some very excited youngsters. It was so comforting seeing all the departments working together so happily. A great deal of credit goes to Ruth Ann and Vicki. Thank you for inviting us.

Congratulations to Reginald Booth on his birthday, Monday December 14 and best wishes. Residents' council was held in the afternoon and Rosemary Swift showed a movie in the evening called "The Atlantic Provinces".

Tuesday morning Chapel Service was held with Donna Quantz telling the story of God's love. Communion was led by Rev. Fred Elson. Evelyn Coleman gave the story of Advent and the bible read-

ing. Finally, Grace Coburn sang, accompanied by Jean Cox - O Holy Night. It was a beautiful service. Four tables of cards were played, guided by Corinne Arsenault. It was a happy evening and thank you Corinne.

Wednesday at 9:30 a.m. Archie Stouffer Kindergarten and Grade 1 students came over in two groups to play "Sound of Music". The first group was Mrs. Forgrave's Grade 1 class singing "Happy Wanderer", Mrs. Welch's Kindergarten class did "10 Jolly Snowmen" and Mrs. Marks-O'Sullivan's students sang "The 12 Days of Christmas". The second group consisted of Kindergartens and Grade Ones... singing Huron Indians, Douglas Mountain, Away in a Manger and Now I'm Six. This ended with a medley of old fashioned songs and closing with Super Duper Christmas. It was a lovely program and the children were so good in every way (the teachers too!) Thank you all from our hearts and Merry Christmas and Happy New Year.

Pastor Murray and followers held a service in the Trillium Lounge in the evening. The residents thank you and hope you have a happy Christmas season.

December 17 was our usual Thursday tea party. It was provided and served by the Hyland Crest Home Auxiliary ladies who were Molly McCarthy, Aileen Blears, Fern Donnelly, Pat Bradburn, Wynn Newbery, Betty Herlihey, Pat Scott, Irene Fuhr and Jean Robson. It was a delicious lunch and ended with a strawberry ice cream sundae. We wish to

thank you all immensely and wish you all a Happy Christmas season.

Brandon Jarvis and Valerie Patterson called bingo Thursday evening. Thank you Brandon and Valerie - Merry Christmas!

A very special thank you to the donor of gifts to Hyland Crest - Dollo's for candies to shopping trip residents and tangerines at the Christmas Concert; Stedmans and Valu-mart for the candy; Don Alton for the beautiful Christmas tree and decorations by the fountain; and Dori McAllister for centre decorations on each dining room table. Also to Dottie Muirhead for all the delightful goodies.

Friday, instead of Happy Hour, we held a Christmas Party with our immediate family members invited. Not many came but we had a nice time anyway with Ed Picard playing the accordion and singing. Volunteers came and served us a very delicious lunch. Much of it was made by the residents themselves in our little kitchen off the auditorium. As we were finishing our lunch who should appear but St. Nick and his elves, greeting each person as well as giving out candy and tangerines. As Santa left, we sang "For he's a Jolly Good Fellow". The volunteers were Don and Ellen Holden, Dottie Muirhead, Pearl Cowen and Mabel Deacon. Thank you all.

At 7:30 on December 18 the Minden Bible Church came to sing carols until our bedtime snack. The evening started with the Minden Bible Church presneting our RN Ruth Griffin with a much-needed donation to our "Tub Fund".

Government statement to create more jobs

Report from Ottawa

from the office of Bill Scott, MP

The December 1992 Economic Statement reinforces our priority: to build confidence, enhance growth, create jobs and help Canadians.

New measures will encourage economic growth, particularly through the small business sector.

A 10 per cent investment tax credit will help small business, farmers and fisheries invest in machinery and equipment.

Small businesses that hire more employees will not have to pay any extra Unemployment Insurance premiums in 1993. In addition, UI premium rates are frozen in 1993.

We will increase the ceiling for loans under the Small Business Loans Act to \$250,000.

The rules for investment in small business by RRSPs and Labour-Sponsored Venture Capital Funds will be simplified. We are extending the Small Business Financing Program to the end of 1994. It allows small firms in difficulty to refinance loans at lower rates of interest.

We are stepping up our efforts to upgrade national transportation and communications infrastructure. This will make Canada more competitive and lead to investments of more than \$2 billion over five years.

We are reviewing all federal regulations to get rid of those that unnecessarily stifle business initiative, or no longer serve the public good.

Agriculture Canada has already acted and a further 25 departments and agencies will review their regulations by April, 1993.

Trade is our life blood. To protect our competitive position, Canada must work to lower costs.

We will reduce textile tariffs to bring them more in line with those of other industrialized countries. This will reduce costs faced by clothing manufacturers.

Spending cuts announced in the Economic Statement will total \$8 billion by the end of 1994. This will hold down the deficit and fund important new measures.

We will lead by example. Salaries for MPs and public servants will be frozen for two years.

Those who quit their jobs without just cause, or who are fired for misconduct will no longer be able to get Unemployment Insurance benefits.

Average UI benefit levels will be frozen.

Government operating budgets will be cut by three per cent. Grants and subsidies to most organizations and interest groups will be cut by 10 per cent in each of the next two years.

These cuts will not apply to seniors' pensions, veterans' benefits or transfers to provincial and territorial governments.

There are no new taxes in this statement. Instead, we are cutting spending to hold down the deficit so we can pay for new measures to support growth.

NOTICE

Public Information Meeting Environmental Assessment Ontario Camp Leadership Centre Bark Lake (Irondale, Ontario) Glamorgan Township, County of Haliburton

The Ontario Ministry of Government Services proposes to retrofit the Ontario Camp Leadership Centre at Bark Lake for year round use. This requires the expansion and upgrading of the existing water supply and sewage collection/treatment systems.

A public information meeting will be held from 7:00 p.m. to 9:00 p.m. at Bark Lake Ontario Camp Leadership Centre (OCLC) on January 11, 1993 for the purpose of discussing the proposed project. All interested parties or agencies are encouraged to attend to provide input.

The Environmental Protection Act requires that an Environmental Study Report be prepared as part of the Class Environmental Assessment. An interim report has been prepared that considers design concepts for the preferred alternatives and their environmental impacts. A copy of this report is available for review at the Bark Lake OCLC or at the office of R.J. Burnside & Associates Limited.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH PUBLIC NOTICE

File # SR-3/92

TAKENOTICE that the Council of the Municipal Corporation of the Township of Lutterworth, proposes to enact a by-law to stop up, close and convey to the abutting property owners a portion of the original allowance for road set out and described as follows:

FIRSTLY: ALL and singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Lutterworth, in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Gull Lake, lying in front of Part of Lot 20, Concession 10, and being more particularly described as Parts 1 & 2 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan #19R-5651.

THE PROPOSED BY-LAW will come before the said Council for consideration at its Regular Meeting to be held at the Municipal Office, located three miles south of Minden on Highway #35 on the 7th of January, 1993, at the hour of 4:00 p.m. and at that time, the Council will hear in person or by his or her counsel, solicitor or agent any person who claims that his or her land will be prejudicially affected and who applies to be heard.

DATED at the Township of Lutterworth this 8th day of December, 1992.

Mary Jane Irwin, A.M.C.T. (A),
Clerk-Treasurer,

How To Plan for Ontario's Natural Resources

We Want Your Input

The Ministry of Natural Resources is seeking public input on improving its land-use and resource management planning system.

Planning is the method by which decisions are made on where and how to manage natural resources. Through the Planning Review, the Ministry of Natural Resources is seeking to improve the planning system so that it reflects the values and needs of the people of Ontario.

To initiate public involvement, the Ministry of Natural Resources has prepared a **Discussion Paper: Improving Planning for Ontario's Natural Resources**. The paper identifies four themes for review: decision-making, fairness, integration, and ecosystem integrity. It also poses some key questions, such as:

- Which planning decisions should be shared or delegated by the Minister?
- How should Ontarians be provided the right to appeal planning decisions?
- What types of plans are needed to decide where and how resources are managed?
- How can the province best plan for the long-term health of Ontario's ecosystems and provide sustainable, social and economic benefits?

For a copy of the discussion paper, please call your local Ministry of Natural Resources district or area office, or toll-free at 1-800-561-0258.

Please submit your comments by **February 26, 1993** to the Ministry of Natural Resources Planning Review Office, 99 Wellesley Street West, Room 6527, Toronto, Ontario, M7A 1W3. If you would like to submit your comments by telephone, please call the toll-free number listed above.

Pour recevoir un exemplaire du document en français, communiquez avec le bureau des secteur ou de district du MRN, ou téléphonez au 1-800-561-0258.

 Ontario

Around the County Town

by Jeanne Sears (call 286-1538)

Some people at Hyland Crest who will be having birthdays in January include Lillian Harrison on January 7, Alice Todd January 9, May Horsley on January 17 and Len Hamilton on January 21. Perhaps you might like to visit or call on these folks and wish them a happy birthday.

Bradley, Maggie and Donna Robinson of Toronto spent several days with his mother Florence Robinson at Christmas.

Sincere sympathy to the families and friends of the late Harold Dixon and Jim Grant whose funerals were last week.

Mr and Mrs Gerald Hicks had all his family and her family with them for Christmas including Grandma Bessie Burk.

Mr and Mrs Tom Nye Jr., of Bobcaygeon were Christmas visitors with Celia Brown.

Al and Teresa Clement, Trevor and Alan of Scarborough visited with Pearl and her son Harold Cowen at Christmas.

Janice and Jack Shaw and Florence Robinson enjoyed a visit with Ern and Grace Voycey in Cambridge recently.

Residents of the Terrace and a guest from the Court enjoyed their planned pot luck for December 25 in the lounge and they had a great get-together on a really stormy day.

Islay, Paul, Jeremy and Jason and a friend from Oshawa visited Lila Warburton and myself and other relatives.

Alvin and Marjorie Cowen and Isabelle Gibbs spent Christmas with Perry and Dianne Peacock in Lochlin.

Euchre game winners at the Gelert Centre on Tuesday, December 29 included Marian Minaker for most lone hands, Donna Schrader, Bessie Burk, Norm Harrison Sr., and Murray McKinnon. The next games will be held January 12 at 7 p.m.

Grenville and Donna Schrader of Oakville spent a few days at their home.

Jean Lacey, Clarke and Glenda Simpson, David Lacey, Carole, Jamie and Stephanie Jones and Grace and Herb spent Christmas with Jim and Jeanne Simpson.

Clarence and Carol Precoor of Whitby enjoyed their holidays at their summer home.

Mrs Mildred Hoyle, the Paul Sissons of Bracebridge, the Ron Johns of Cobourg all spent a holiday at their summer cottage.

Dorothy McElwain was away with the McElwains of Lindsay and the Michael McElwains in Millbrook over Christmas.

The Bob Vick family had a great time over the Christmas holidays when they were all together.

Kit and Ralph Schroter spent the holidays with daughter Pat and Don and family in Oshawa.

Irene Moore visited Earl and Muriel Bird, Laura and Michael from Toronto and Al, Helen and Lesley Ann of Bracebridge. Sounds like a great time for them all.

Bud and Gala Stamp and Maud Coulter were visiting with the Ray Rivers family in Toronto over the Christmas holiday.

Legion Seniors Group euchre games will be held January 5 and January 12 at 1:30 p.m.

Just a reminder that Marion Sedgewick is back in the area for a visit. She will be the guest speaker at the Minden United Church Women

meeting this Wednesday evening, January 6. Marion is a missionary who has spent a great deal of time in Papua New Guinea. She will relate some of her experiences in this south Pacific location. The meeting begins at 7:30 p.m. and everyone is welcome to attend.

Santa visits CHACE

December 23, 1992 was CHACE Minden's Christmas Party. The mothers and some fathers supplied a cornucopia of food, from roast turkey and quiche tarts to Swedish meatballs and ham and egg sandwiches.

Santa parked his sleigh and reindeer behind Gordon A. Monk's and came into CHACE to present every child with a gift - not one lump of coal

was to be seen.

Joanne Howard, accompanied by her guitar and her bread-tie guitar pick, sang Christmas carols with the children.

Thanks to the largess of Santa's helper Lynn Thompson, Bonnie, Clarene and Betty, CHACE's premier caregivers got to brew their tea in a gigantic "brown Betty". It sure will be a tough act to follow next year.

Dr. Pete and Staff:

Thank you very much for squeezing me in when you were busy and I wasn't feeling well.
Puffins Thompson.

AT REST

GRANT,

James Watson (Jim) -

After a long illness at St. Joseph's Hospital, Peterborough on Monday, December 28, 1992 in his 74th year, beloved husband and friend of Doris. He will be sadly missed by his children Linda and Bill, Vicki and Mark, Bob and Lann and his grandchildren Peter, Gregory and Jessica and by his brother Russel.

Rest at the Gordon A. Monk Funeral Home in Minden from 2-4 and 7-9 p.m. Tuesday. Funeral Service was held Wednesday, December 30 at 1:30 p.m. Spring Interment Minden Cemetery. Memorial donations to the Victoria-Haliburton Lung Association of the charity of your choice would be appreciated. Legion Service was held Tuesday at 7:30 p.m.

BULL,

Lorne Stuart-

suddenly at his residence in Minden on Thursday December 31, 1992 in his 55th year, dear father of Kirk and JoAnn of Orangeville and Kathy and Scotty of Beaverton, loving grandfather of Ashley, Jeremy, Jorden, Katelyn and Patricia, beloved son of Hazel and the late Stuart Bull, dear brother of Lorna and Lorraine, also survived by Esther and his many nieces and nephews.

Rest at the Gordon A. Monk Funeral Home, Minden Sunday, January 3. Funeral Service in the Chapel on Monday, January 4 at 1:30 p.m. Cremation. Memorial donations to the Heart and Stroke Foundation would be appreciated.

AT REST

PEEL,

Alma, Amelia

(nee Harrison)-

peacefully at Haliburton Extencare Nursing Home on Friday January 1, 1993, in her 87th year. Beloved wife of Victor, dear sister of Walter, Bert, Alfred and Allen Harrison and Elsie McPhail and predeceased by Evelyn Marie. Fondly remembered by many nieces and nephews.

Rest at the Gordon A. Monk Funeral Home, Minden Saturday January 2. Funeral Service was held in the Chapel Sunday January 3. Spring interment Pine Grove Cemetery, Norland. Memorial donations to the Gideon Bible Society would be appreciated.

IN MEMORIAM

TRUMBULL: In loving memory of my dear grandson Tony who died suddenly January 5, 1992.

There will always be a heart-ache,
And often a silent tear,
But always precious memories,
Of days when you were here.
I hold you close within my heart
And there you will remain,
To walk with me through all my life,
Until we meet again.

Loved, and will always be remembered,
Grandma Audrey.

COOPER: In loving memory of a dear sister Genny Cooper who passed away December 30, 1991.

Though absent, you are very near,
Still loved, still missed, and very dear.
Sadly missed by her brothers and sisters.

HARRISON: In memory of Wayne -

New Year's Eve wasn't the same without you.
We will remember the good times, always.
Kevin, Lynn, Donna and Daren.

IN MEMORIAM

TRUMBULL: In loving memory of our dear brother Tony who died suddenly January 5, 1992.

You were a loving brother
A pal, so good and true,
A better brother never lived
Your equals are but few.
Sadly missed and always remembered,
Bradley and Clinton.

TRUMBULL: In loving memory of my dear son Tony who suddenly passed away January 5, 1992.

If tears could build a stairway
And memories a lane,
I'd walk my way to Heaven,
And bring you back again.
So God please put your arms around him
Give him love and care
Save a place beside him,
Until I meet him there.
Sadly missed and always remembered, Ray.

IN MEMORIAM

BARCLAY: In loving memory of Bob Barclay who passed away January 10, 1992.

Little we knew when we woke that morn,
The sorrow the day would bring
The call was sudden, the shock severe
To part with one we loved so dear.

You didn't have time to say farewell,
Or for us to say goodbye,
You were gone before we realized
And only God knows the reason why.

We think of you in silence
We often speak your name,
And all we have are memories
And your picture in a frame
Our hearts still ache with sadness
Our silent tears still flow,
For what it meant to lose you
No one will ever know.

Loved and sadly remembered by
Mother, Elaine, Walt and Jordan.
